

**ANTIBUS SCALES & SYSTEMS, INC. CALIBRATION SERVICES**  
**3 to 5 Day Turnaround on Most Products**

TEMPERATURE/HUMIDITY

Temperature Uniformity Survey \*  
 Instrument Source \*  
 Ovens/Freezer Probes \*  
 Liquid & Glass Thermometers \*  
 Dial Thermometers \*  
 Thermo/Hygrometers \*  
 Digital Thermometers \*  
 IR Thermometers \*  
 Hydrometer \*

PHYSICAL/MECHANICAL

Burette                      Burette  
 Cylinders                    Graduated Cylinder/Flask  
 Hardness                    Brinell Microscope  
 Hardness                    Brinell Stage Micrometer  
 Hardness                    Brinell Tester \*  
 Hardness                    Durometer \*  
 Hardness                    Durometer Test Blocks  
 Hardness                    Hardness Test Blocks  
 Hardness                    Rockwell, Standard (3 scales) \*  
 Hardness                    Rockwell, Twin Tester (6 scales) \*  
 Hardness                    Rockwell, Portable Tester (3 scales) \*

FORCE/PRESSURE

Pressure                      Pressure Gauge, Compound \*  
 Pressure                      Pressure Gauge, Process to 10,000 psi \*  
 Pressure                      Pressure Test Gauge \*  
 Pressure                      Pressure Transducer \*  
 Pressure                      Magnahelic \*  
 Pressure                      Manometer (well, u-tube, inclined) \*  
 Pressure                      Dead Weight Tester  
 Pressure                      Vacuum Gauge, Process \*  
 Pressure                      Vacuum Gauge, Test \*  
 Force                           Force Gauge to 2500 lb \*  
 Force                           Tensile Testers & Load Cells to 10,000 lbs \*  
 Force                           Drop Tester  
 Force                           Dynamometer to 5000 lb \*  
 Torque                        Torque Screwdrivers \*  
 Torque                        Torque Testers (Single and Multiple Cells) \*  
 Torque                        Torque Transducers \*  
 Torque                        Torque Watches \*  
 Torque                        Torque Wrenches (Dial, Digital, Click, Beam) \*  
 Scales                        Scales - all types \*  
 Scales                        Scales - Analytical \*  
 Weights                      Test Weight Kits (25/50/100 lb) \*  
 Weights                      Test Weight @ 500/1000 lb \*  
 Wheel Weighers            Aircraft & RV Industries

ELECTRONIC/ELECTRICAL

Meter                         pH Meter\*  
 Welding Machines        Welders most Manufacturer \*  
 Multimeters \*  
 Clamp Meters \*  
 Amp Meters \*  
 Various Electronic Devices \*  
 Temperature Data Loggers  
 Voltmeters \*  
 Rectifiers \*

All Prices Quoted include Certificates  
 No Separate Charge  
 Contact us to find out what we can do on-site vs in-house

SOUTH BEND, IN 574-233-3160

FORT WAYNE, IN 260-432-3591

PERRYSBURG, OH 419-872-8628

DIMENSIONAL

Bars                            Sine Bars  
 Block                         1-2-3 Blocks (set)  
 Block                         Angle Blocks  
 Block                         Sine Block  
 Block                         V-Block (One or Two sided)  
 Block                         Gauge Blocks - up to 4 inch \*  
 Calipers                      Caliper Master  
 Calipers                      Multiple Sizes  
 Comparators                Optical Comparator \*  
 Depth Master                Depth Mikemaster  
 Depth Master                Depth Leltech  
 Discs                         Master Setting \*  
 Edges                         Straight Edges  
 Flats                         Optical Flats  
 Gages                        Air Gauges  
 Gages                        Almen Gauges - TSP-3A & 3B & JR \*\*  
 Gages                        Almen Step Block Kit \*\*  
 Gages                        Almen Step Curved Blocks \*\*  
 Gages                        Ball, Precision  
 Gages                        Bore Gauges/Holetest \*  
 Gages                        Chamfer Check Gauges  
 Gages                        Dial Depth Gauges \*  
 Gages                        Feeler Gauge \*  
 Gages                        Height Gauges (Dial, Digital, Vernier) to 24" \*  
 Gages                        Hex Gauge (Double End) \*  
 Gages                        Radius Gauges  
 Gages                        Snap Gauges  
 Gages                        Taper Gauges (Plugs & Rings)  
 Gages                        Tapered Thickness Gauges  
 Gages                        Tapered Thread Gauges (Pipe Thread) \*  
 Gages                        Pin Gauges 0.011 to 1.000 \*  
 Gages                        Plain Plug Gauges - Single & Double End \*  
 Gages                        Ring Gauges Plain  
 Height Riser                Height Riser  
 Height Set Master         Height Set Master to 24"  
 Indicators                 Indicator (Dial, Digital, Test) \*  
 Levels                        Levels  
 Length Standards         End Measuring Rods to 24" \*  
 Micrometers                Ball Micrometer \*  
 Micrometers                Bench Micrometer \*  
 Micrometers                Blade Micrometer \*  
 Micrometers                Depth Micrometer \*  
 Micrometers                Disc Micrometer \*  
 Micrometers                Indicating Micrometer \*  
 Micrometers                Inside Micrometer  
 Micrometers                Laser Micrometer  
 Micrometers                Multi-Anvil Micrometers 6" to 18" \*  
 Micrometers                OD Micrometer to 12" \*  
 Micrometers                Setting Fixture  
 Micrometers                Super Micrometers  
 Micrometers                Thread or Pitch Micrometer  
 Micrometers                Tri-Bore Micrometer  
 Micrometers                V-Anvil Micrometer  
 Parallels                    Parallels to 24"  
 Plugs                         Cylindrical Plugs - Single & Double End \*  
 Plugs                         Thread Plugs & Set Plugs to 4" \*  
 Plugs                         Thread Plugs with Depth North (Pipe) to 4" \*  
 Profilometer                Surface Roughness Tester  
 Profilometer                Surface Roughness Standards  
 Protractor                    Protractor  
 Rings                         Thread Rings (UN Series)  
 Rules                         Steel Rules & Tape Measures to 96" \*  
 Squares                      Combination Square  
 Wire                            Thread Wire Sets \*

\* Indicates 17025 accredited calibrations.

\*\* Indicates to contact Electronics, Inc. directly for faster turnaround
